Established in the 1800s, Walker Chapel Historic Cemetery traces its roots back to the founding families of Walker Chapel. What began as humble gatherings in homes evolved into a steadfast beacon of faith and community. The entire grounds, spanning 92,400 square feet, have significance and are designated as an Arlington Historical District.

At Walker Chapel, we honor the legacy of those who came before us. The earliest recorded burial dates to 1848, marking the beginning of a sacred journey that continues to this day. #### Guidelines

As you consider honoring your loved ones within our sacred grounds, allow us to outline the principles that shape our shared experience:

Ownership and Licensing: Each Columbaria gravesite is licensed through a Right of Inurnment License, symbolizing a commitment to honor and cherish the memory of those who rest here. While not conferring ownership, this license grants the right of use for burial or inurnment, ensuring a lasting legacy for you and your extended family.

**Generational Tradition:** We honor tradition by limiting each family generational unit to six companion niches or three family niches. This allows subsequent generations to embrace our heritage while preserving the availability of others.

**Respect for Diversity:** Regardless of race, gender orientation, or age, all are welcome within our historic Methodist Cemetery, united by the common thread of humanity under the care of Walker Chapel.

**Guided by Pastoral Care:** Our Pastor oversees all aspects of burial, funeral, or memorial services, ensuring each ceremony reflects the values of compassion and dignity.

**Graveside Services:** A graveside service is an expected part of our process. It provides a sacred space for families to gather, reflect, and bid farewell. The service may be as simple as a family gathering with chapel staff sharing memories or a faithful gathering of friends and family led by clergy.

**Commitment to Excellence:** From service arrangements to event coordination, our team stands ready to assist you at every step, ensuring a seamless experience during challenging times.

**Financial Transparency:** We uphold financial integrity by settling all fees before the commencement of graveside services, ensuring clarity and peace of mind for families.

**Attention to Detail:** Our commitment extends to the smallest details, including uniform engraving on cover stones and approved medallions, preserving the dignity of each memorial.

Preservation of Sacred Space: We maintain the sanctity of our grounds by prohibiting scattering of cremains

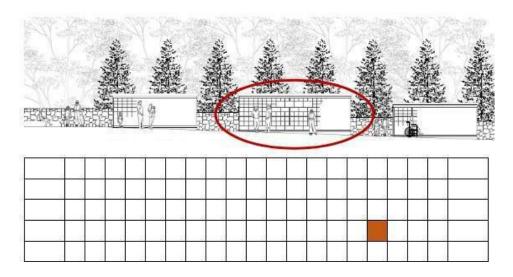

**Providing Comfort:** The cemetery or designated vendors provide canopies, seating, and other amenities, ensuring a comfortable and dignified environment for all attendees.

As you embark on this journey with us, know that Walker Chapel's Historic Cemetery is more than a final resting place, a sanctuary of remembrance, where every detail is crafted with care and reverence. Welcome to our community, where love and legacy endure.

# The Columbaria at Walker Chapel Historic Cemetery

The Columbaria are in a private, sacred location in the cemetery for privacy in grief and visitation. The first three columbaria units are spaced along the top of a stone wall and are encased in matching stone. Each has companion niches and family niches. Each has five rows of niches with the companion niches in the middle and the family niches on the ends.

Companion niches accommodate two urns, and the family niche accommodates four to six urns. The standard urns are 5.5"x 5.5" square and 7" tall.

Most families select their niche long before it is needed but may be selected whenever needed. Once a request has been received, the Cemetery staff will meet with the primary contact for the license to view the available niches and confirm the selection. An invoice for the ROI License is prepared by the Cemetery and upon payment, a niche ROI License is issued to the primary Licensee and optional secondary Licensee.

At the licensee's option, the granite facing may be partially engraved to later be completed upon interment, or the granite facing may be left blank since only full lines may be engraved. Engraving fees for the granite cover are based on a maximum of 23 characters per line and up to six lines. All niches have the same text layout and font. Text may be added anytime, but each engraving is a separate fee. The cemetery will coordinate all shipping, engraving, and installation of the finished granite facing. While removed for engraving, a temporary granite front will be inserted by the cemetery to be replaced with the engraved panel upon return from the stone carvers.

## Planning

Upon request, the primary contact or their designated representative will contact the Chapel Office and arrange the date, time, and service plans for the inurnment. The niche size limits the size of the urn, and the ROI Licensee, or their designated representative, is responsible for selecting an urn that meets the niche's size requirements. Urns are available from the Cemetery to facilitate selection. Interment services may be simple family gatherings up to a full religious service, including military honors if applicable.

As you embark on this journey with us, know that Walker Chapel's Historic Cemetery is more than a final resting place, a sanctuary of remembrance, where every detail is crafted with care and reverence.

Fees for interment vary by the graveside service wishes. A Burial License is required, together with a copy of the Certificate of Cremation. Opening, preparing, and closing the niche and recording the interment is a single fee each time the niche is opened.

#### **Funding and Stewardship**

The upkeep of our cemetery is made possible through the generous support of donors and the stewardship of our Trustees:

- **Perpetual Care Fund:** Established from bequests and donations, the Chapel Trustees and Treasurer manage the fund to ensure ongoing maintenance and upkeep based on its return on investment.
- **Donations and Gifts:** Whether designated or general, contributions to the cemetery play a vital role in preserving its sacred legacy. Gifts to the cemetery may be for general use or be designated for a specific application. The wishes of the donor will be followed in all cases.

The Leadership Board and the Chapel Trustees appoint the Cemetery manager to oversee the day-today operation of the Cemetery. The Cemetery manager and all cemetery staff are volunteers who do not receive compensation for their work.
